Mini Project #1 Documentation Online Magazine

Created by: <u>Ryan Gerome Regis</u>

<u>Ms. Ciel Palacio</u>

Instructor

THEME

The theme of my mini project is about a **Food News and Events Magazine**.

The name of the online magazine is: **<u>BuzzFood</u>**.

LANDING PAGES

The webpage created will have 5 landing pages:

1. **Home page**
   - The main page of the whole website displaying the slide carousel containing 3 headlines that link to the Articles Page.

2. **Articles Page**
   - Has 5 long cards that each contains some articles, pictures, and embedded videos regarding chefs and the food world.

3. **Recipes Page**
   - an animated page containing 5 cards for 5 dishes. When a card is pressed, a modal dialog box will appear, containing the whole ingredient and procedure list for the displayed dish.

4. **Store Page**
   A gallery page of various kitchen products that when clicked, redirects the user to an Amazon Store page.

5. **About & Contact Page**
   - General information page categorized by an accordion about the magazine, the creator, and contact information.
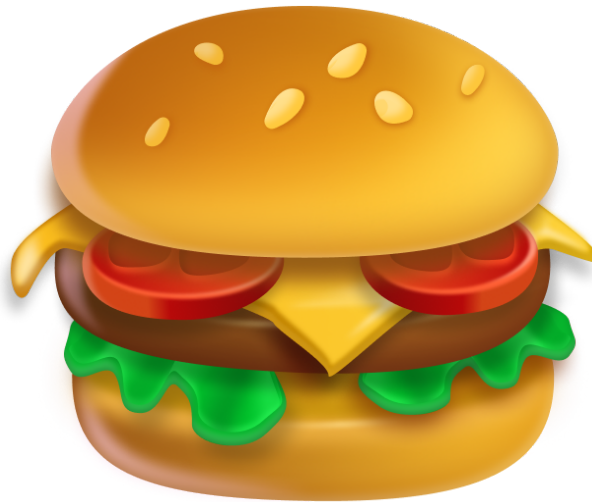

WEBSITE LOGO

The following figure is a self-made logo from Figma.
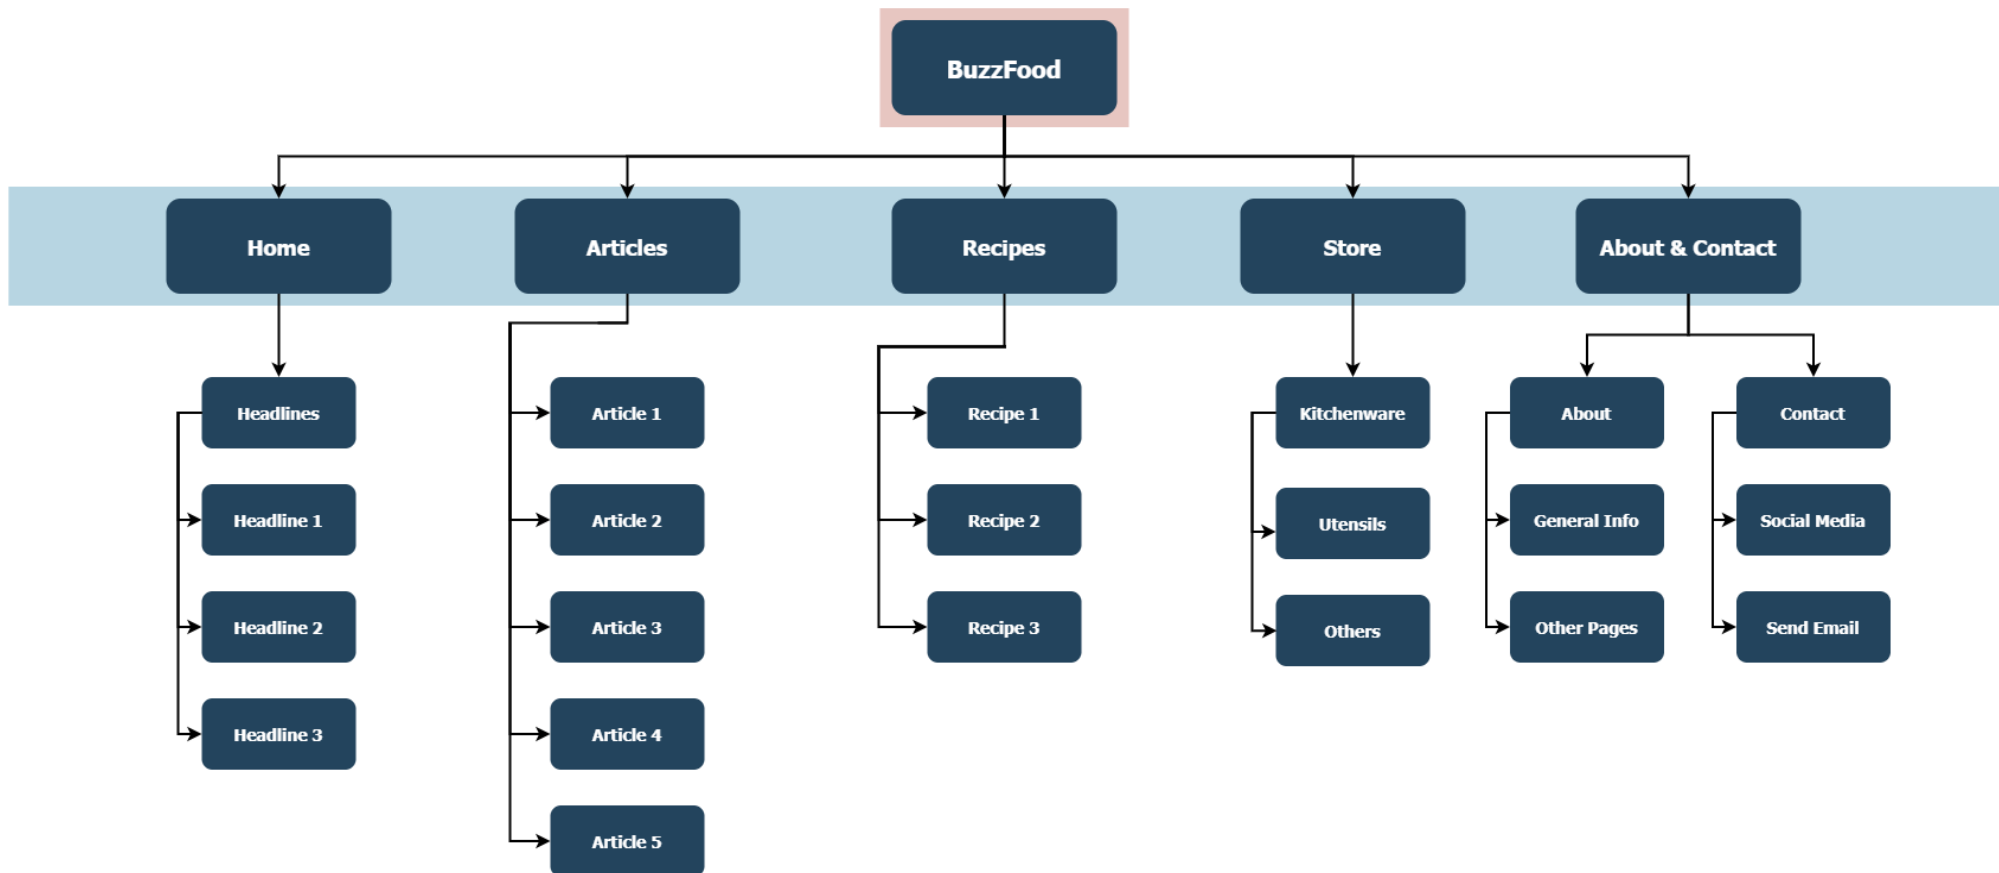

BuzzFood

NAVIGATION TOGGLE ICON (HAMBURGER MENU)

The following figure is an edited svg in Figma from the Internet.

SITEMAP

The figure below shows the sitemap for the whole Online Magazine.
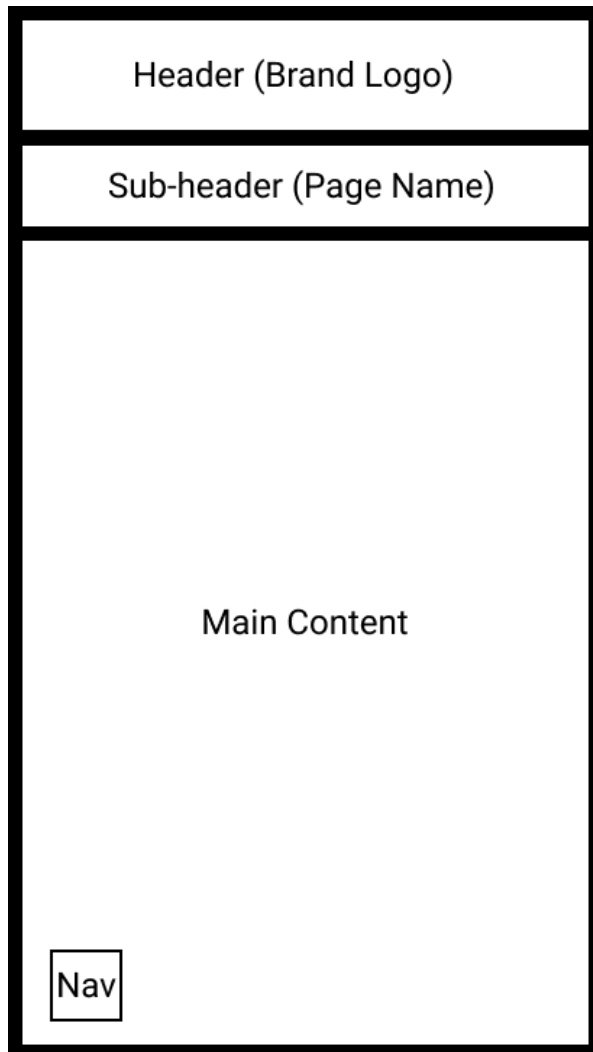

FRAMEWORK

The framework used for the website is **Bootstrap 5** alongside some **Custom CSS**.
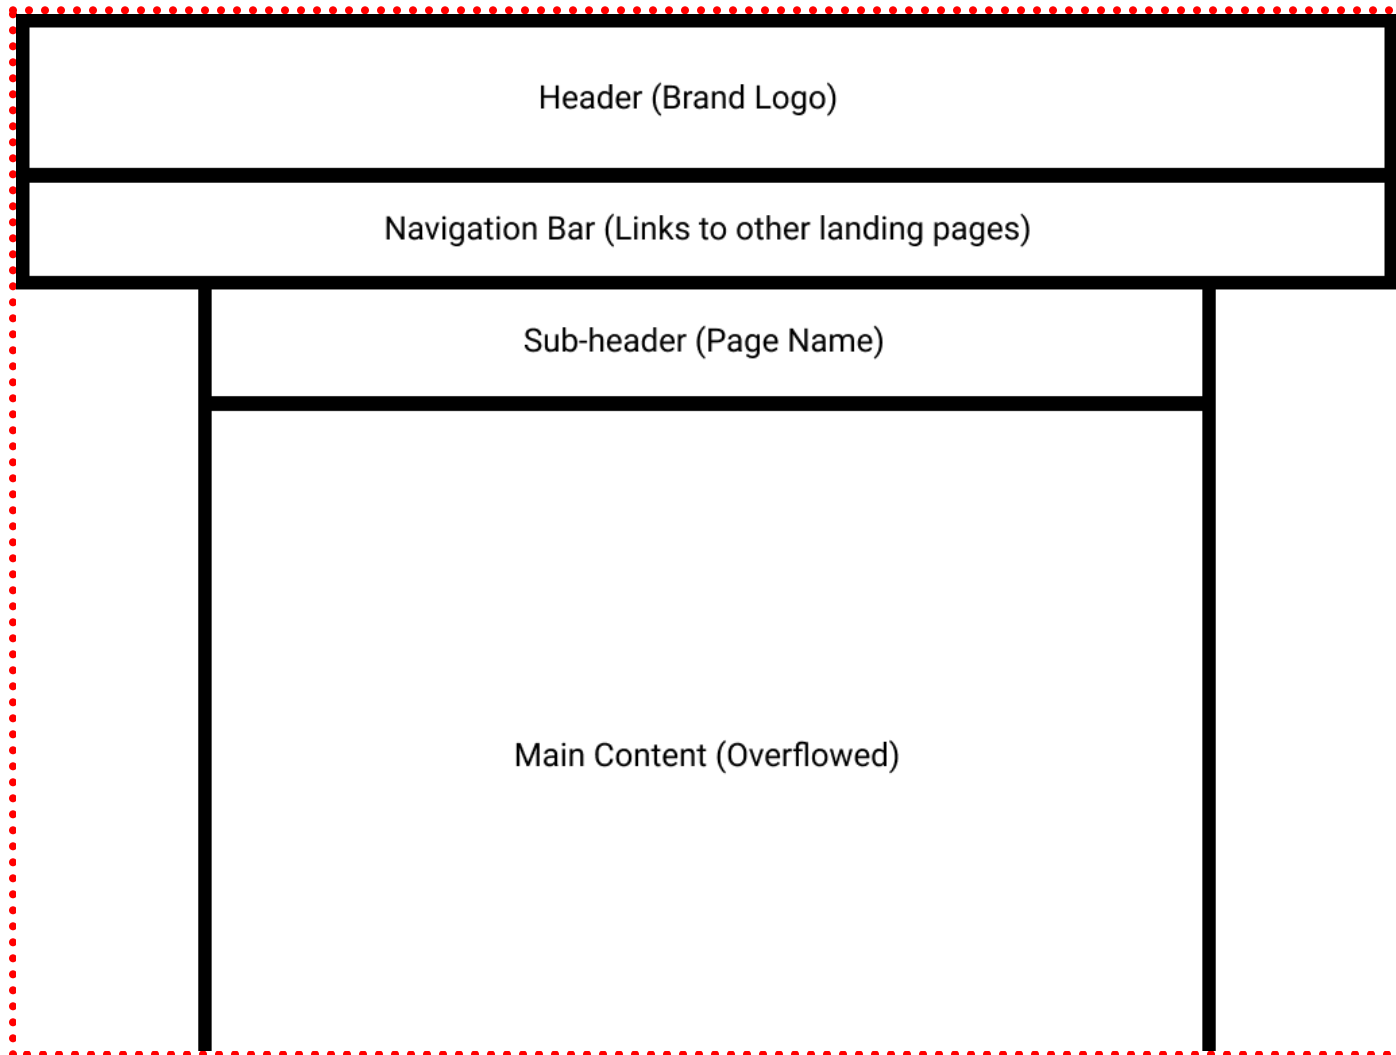

WIREFRAME

The figures below show the wireframes for Mobile (Google Pixel 2) View.

(Navigation Tab Closed and Opened).

Header (Brand Logo)
Sub-header (Page Name)
Main Content
Nav

Header (Brand Logo)
Sub-header (Page Name)
Main Content
Navigation Bar opened upon toggle

The figure below shows the wireframe for Tablet/Desktop (iPad Mini: landscaped) View.

(The red dotted lines are not part of the wireframe, it's just for boundary indication.)

Header (Brand Logo)

Navigation Bar (Links to other landing pages)

Sub-header (Page Name)

Main Content (Overflowed)

PROTOTYPE

The figures below show the prototypes for Mobile (Google Pixel 2) View.

(Navigation Tab Opened and Closed).

The figure below shows the prototype for Tablet/Desktop (iPad Mini: landscaped) View.
