```

THEME

The theme of my mini project is about a **Food Online Magazine**. The title of the mini project is: **<u>BuzzFood</u>**.

The webpage created will have 5 landing pages:

1. Home page
   - The main page of the whole website displaying the headlines linking to the articles page.

2. Articles Page
   - Contains some articles regarding chefs and the food world.
3. Recipes Page
   - containing recipes categorized by "General" and "Comfort Food".

4. Store Page
   - A dummy page of where to buy kitchenware provided from the Recipes page.

5. About & Contact Page
   - General Info about the creator of the website with links to social media and the ability to send an email to the creator.

Website Logo

The following figure is a self-made logo from Figma.
